

Everything happening now was predicted in the Bible.

Don't believe it?

These are just three of the events still to come:

The Rapture

An event where the believers in Jesus vanish from the earth instantly. Then God Himself sends a delusion to deceive all those who rejected Him.

Destruction of Damascus

Isaiah 17 in the Bible says that Damascus in Syria will be completely destroyed and never inhabited again.

Failed Israel Invasion

Ezekiel 38 says that an alliance of nations including Russia, Turkey and Libya attack Israel but the invasion force will be divinely destroyed by God Himself.

Are you confused or scared by the current state of the world?

The Bible says the world will become more unstable, evil, violent and that there will be an increase in natural disasters in the last days.

But, there's a loving God who will soon take His believers out of this world before the devastating events to come.

Will you read His personal message to us - The Bible, which is proven to originate outside of space and time?

Will You Accept Him?

Confused by the chaos and insanity of the world?

There is Hope!

His name is Jesus

Do you know where you're going when you die?

Are you absolutely sure there's no God or afterlife? Because if you're wrong it will be the biggest mistake of eternity.

Why not look into the validity of these claims so you can be sure in your conviction either way?

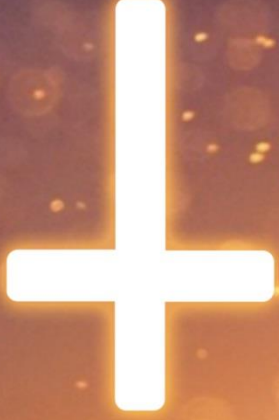

Why should I trust the Bible?

It's a question we all have somewhere in the back of our minds, one which keeps resurfacing when we see something truly spectacular which surely couldn't have occurred naturally.

I now invite you into my heart as my personal Saviour. Amen."
